OBJECTIVE

To secure an internship in a Computer Science or Software Engineering related discipline for the Spring/Summer of 2017. The internship would represent an important next step for me in the pursuit of a career in an area for which I have held a keen and longstanding passion, as evidenced by my curriculum vitae below.

EDUCATION

Honours Bachelor of Science - Computer Science Specialist, University of Toronto, *September/2015 - 2019*

- Second Year, 3.0 cGPA

Alberta High School Diploma, Sir Winston Churchill High School, *Calgary, AB, September/2012-June/2014*

- Graduation with a 4.0 GPA

NOTABLE AWARDS

Consecutive Honour Roll, Sir Winston Churchill High School, *Calgary, AB, 2012-2015*

Alexander Rutherford Scholarship, Sir Winston Churchill High School, *Calgary, AB, 2012-2015*

Top Athlete, Goaltending Development Institute, *Calgary, AB, 2012*

SKILLS SUMMARY

COMPUTER PROFICIENCIES

- Computing languages: Java and Python3
- Operating Systems: Microsoft Windows, Macintosh OS X and Linux Mint (Git and bash)
- Applicable Applications: Adobe Photoshop CC, Sony Vegas Pro 10, Microsoft Word and Excel
- Web Design: HTML5, CSS3 and Javascript

OTHER SKILLS

- Excellent communication in English, both written and verbal
- Positive, motivated, enthusiastic, and willing to try and learn new things

LEADERSHIP AND VOLUNTEER EXPERIENCE

Assistant Camp Counsellor

Winter Sport Institute (Winsport), *Calgary, AB, July/2013 & 2014-August/2013 & 2014 (100+ hours)*

- With children for 8+ hours a day
- Helped improve leadership and people skills

Co-President and Editor/Director of the Graduation Video Club

Sir Winston Churchill High School, *Calgary, AB, September/2014-June/2015*

- Contributed to my skill and interest in video editing and graphic design
- Helped improve my leadership and people skills, as I had to deal with an originally huge and unorganized group of people, and put them to use in particular areas they enjoyed and were proficient in.

ACTIVITIES AND INTERESTS

- Former YouTube technological product reviewer with 500+ subscribers
- Former high level hockey goaltender, lacrosse player, and performance slalom waterskier
- Skilled in video production, graphic design and photography
- Passion in performance automobiles and modifications
- Web design with HTML5 and CSS as a pastime
- Highly interested in new technology and in particular artificial intelligence
- Computer enthusiast - started building and maintaining computers in 2010
